**Bushel  
GRAIN  
CART**

*You'll find the Demco grain cart loaded with innovative features and qualities that set the pace with farmers throughout North America.*

Demco's 550, 650 and 750 bushel grain carts are built rugged for heavy loads. Extra heavy duty chassis will stand up to imperfect terrain when the cart is fully loaded. Posi-Flow box design insures hassle free unloading.

The auger unfolds forward for excellent unloading visibility. Driven by an automatic clutch PTO shaft or hydraulic orbital motor, the balanced auger and gear box are protected from high torque start-ups associated with handling high moisture grain.

Demco grain carts are also available in 800 and 950 bushel models. Choose red, green or blue.
