Over the years we’ve been printing catalogs to help customers like you purchase quality products. Every item in this catalog reflects our commitment to quality, durability, efficiency and value.

Our new Harvesting Equipment Catalog is specifically designed to help you configure and price items and to avoid much of the confusion related to choosing features available on specific implement models. If you have any questions on availability or compatibility to your application, call us at

**DEMCO 1-800-543-3626**

We’ll be glad to answer any questions. We’re committed to your full satisfaction. It’s just part of…

“**Doing our best to provide you the best**”.

**DEMCO Mfg. is not responsible for typographical errors.**

Demco Mfg. has attempted to show each and every product in this catalog in an accurate manner, yet, because we are continually updating product and/or production enhancements may sometimes change the appearance of an item before new photos can be taken.

Demco Mfg. is not responsible for typographical errors.

---

The Boyden facility is certified to ISO 9001:2015.
Demco was incorporated in 1964. At that time the Demco logo was designed to brand the company name. Our unique logo has served Demco very well over our 54+ year history. In support of Demco’s well recognized script logo, we chose to maintain a forward leaning look, but with emphasis on a more modern and bold look to underscore Demco’s forward thinking approach.

Our new logo design also comes at a time when Demco will be branding “all” of our products under the Demco brand name. Yes, this includes our Spencer product category that has been under the Maurer brand name since inception. As you may know Demco had acquired a large equity position in Maurer Manufacturing with other outside investors in 2000 with a full ownership position gained in December of 2016. Since this time, Demco has been working towards a one company, one family, and one brand goal. With this in mind, Demco believes now is the right time to make these important moves for our brand name.

We are very excited for this new logo design. This is a symbol of changing with the times and pulling all of our product categories and team members together under one family, the DEMCO family.

Respectfully,

Demco Management

DEMCO HISTORICAL TIMELINE

Demco sprayer production began
1950s

Grain wagon production began

Demco incorporated in 1964

Demco products introduced
1970s

Grain Cart production began

Full acquisition of Maurer Manufacturing in 2001

Tow Bar Systems added to line
2000s

Partial acquisition of Maurer Manufacturing
2001

Implementation of a new logo: looking forward
2010s

Full acquisition of SMI Brakes
2016

Implementation of a new logo: looking forward
2017

Acquisition of Circle H Manufacturing
2018

Acquisition of Hiperstar 5th wheel hitches

Demco wagons lead the industry in unloading performance!

**STANDARD FEATURES**
- Easiest opening door in the industry
- Adjustable door opener for easy access from either side of chute
- Ergonomic tongue latch
- Reflective decals
- LED lights
- 22" hand wheel
- Large viewing windows: 12" x 24"
- More chute clearance
- 650/750 - fenders standard
- 500 - fenders optional
- Cast spindle carriers
- 3.5" bolt in spindles
- Narrow box width for better visibility
- New interior bracing for less grain splatter
- Bushel capacity:
  - 500 SS - 500 bushels
  - 650 SS - 650 bushels
  - 750 SS - 750 bushels
  - Bushel capacity measured with #2 corn at 15% moisture content (56 lb. test weight)

**NOTE:** Used truck tires furnished by Demco will vary in quality and outward appearance. Demco will guarantee used tires to hold air for 30 days from date wagon is delivered to dealer lot and assumes no warranty or liability on used tires once removed from dealer premises.

GRAIN CARTS

550 650 750

STANDARD FEATURES
- 1000 RPM PTO
- 30" hydraulic controlled flow gate
- Forward reach auger positioned for optimum operator visibility
- Auger folds within the width of the box for compact transporting and storage
- 2 grain viewing windows
- Welded box construction with silicone sealed seams resists rust and corrosion
- 7000 lbs. drop-leg tongue jack with separate hydraulic remote
- LED tail, flasher/turn signal lights and auger spotlight for nighttime operation
- Available with 120" fixed or 120" - 144" adjustable axle tread width
- Transport width: 12’9"
- 14" diameter balanced auger with 5/16” flighting and Fossi-Drive connection
- UltraFlyte made with 1008/1010 high carbon steel including a thicker outer edge, resulting in up to 50% longer wear and faster radius
- Automatic reset “cut-out” clutch with overrunning clutch to protect auger drive and tractor PTO
- Available with hydraulically driven, (15-25 GPM oil flow required)
- Optional roll top tarp
- Optional ergonomic pendant control
- Bushel capacity:
  - 550 - 500 bushels
  - 650 - 650 bushels
  - 750 - 750 bushels

bushel capacity measured w/ 2 corn at 15% moisture content (56 lb. test weight)

HYDRAULICS NOTES:
- A standard grain cart requires three hydraulic remotes.
- Optional Pendant Control manages slide gate, folding auger and optional adjustable spout. Requires one hydraulic remote.
- 15-25 GPM oil flow is required for hydraulic unloading drive.

15-25 GPM oil flow is required for hydraulic unloading drive.
- Optional Pendant Control manages slide gate, folding auger
- and optional adjustable spout. Requires one hydraulic remote.

HYDRAULICS NOTES:
- A standard grain cart requires three hydraulic remotes.
- Optional Pendant Control manages slide gate, folding auger and optional adjustable spout. Requires one hydraulic remote.
- 15-25 GPM oil flow is required for hydraulic unloading drive.

150 Bus ECU with harnesses 94400131 $3,278.00
Wireless Scale Connection 94400112 $5,175.00
Wireless Scale Connection (Requires optional pendant grip control) w/ Auto Gate Shutoff 94400144 $3,360.00
12 VDC Printer with interface cable 14990 $804.00
Data transfer kit 94400063 $690.00
Disc plate coating 9445440 $245.00
12” Harness Extension for Pendant 13566 $217.00

* Roll tops; some dealer assembly required. Top & bows are removed due to shipping restrictions
**GRAIN CARTS**

**NEW 2019**

**STANDARD FEATURES**

- 1 ¾ - 1000 RPM PTO
- Automatic reset “cut-out” clutch with overrunning clutch to protect auger driver and tractor PTO
- PTO driven drivetrain. Gearbox includes 2 output PTO shafts (1 for horizontal auger and 1 for vertical auger). NO Pulleys or Belts!
- Adjustable austempered cast hitch, fits category 4 or 5 hammer strap tractor drawbar
- 25” diameter vertical auger with 5/8” flighting and Posi-Drive connection
- 20” horizontal drag auger
- UltraFlyte made with 1008/1010 high carbon steel including a thicker outer edge, resulting in up to 50% longer wear and faster conveying
- Forward reach auger for optimum operator visibility
- Forward reach auger adjusts vertically from 11’8” to 15’7” to help prevent grain spilling
- Ergonomic pendant operates “1 touch” auger
- Ergonomic pendant requires 1 remote outlet
- Auger fells within the width of the box for compact transporting and storage
- Grain viewing windows
- 10,000 lb. drop-leg tongue jack with separate storage position provides tighter turning radius
- Hand wheel operated clean-out door at bottom of auger for easy post season cleanout
- Reflective decals & LED light for high visibility
- Narrow transport width – 12’2”
- Low side cart height ONLY 11’ for better clearance
- Low center of gravity for sidehill stability
- 6 lever operated doors for trough cleanout
- Ergonomic pendant operates “1 touch” auger fold, adjustable spout, unload auger height adjust, and drag auger door
- Ergonomic pendant requires 1 remote outlet
- Roll tarp
- 5-point scale system (monitor not included)
- Optional electric roll tarp
- Optional auto gate shutoff for drag auger doors (requires the wireless scale monitor)
- Bushel capacity: 1122 - 1100+ bushels
- 1322 - 1300+ bushels
- Bushel capacity measured with 42 corn at 15% moisture content (56 lb. test weight)

1400 Grain Cart

**STANDARD FEATURES**
- Available with 20 bolt hub on singles
- Modular box construction with silicone sealed seams
- 22” diameter computer balanced discharge auger with Posi-Drive connection
- UltraFlyte made with 1008/1010 high carbon steel including a thicker outer edge, resulting in up to 50% longer wear life and faster conveying.
- Adjustable spout with end delivery for even flow unloading
- Forward positioned auger for optimum operator visibility
- Adjustable aumtereped cast hitch, fits category 4 or 5 hammerstrap tractor drawbar
- 30” hydraulic controlled flow gate
- Hydraulic drive drag auger (40 GPM, 2200 psi requires 2 remote tractor outlets)
- 1000 RPM PTO, 1.75”-20 spline - for unloading auger
- Pendant grip control & hydraulic block - 3 remote outlet performs 3 cart functions (auger fold, adjustable spout & auger flow gate)
- Automatic reset “cut-out” clutch with overrunning clutch to protect auger drive and tractor PTO
- LED Tail, flasher / turn signal lights and auger spotlight for nighttime operation
- Optional Weigh scale kit and console with printer port
- Grain viewing windows
- Optional roll top tarp
- Optional wireless auto weighing system
- Bushel capacity: 1400 - 1440 bushels (bushel capacity measured with #2 corn at 15% moisture content (56 lb. test weight))

**ACCESSORIES**
- Cat 5 Bull-Pull Hitch™
- Cat 4 Bull-Pull Hitch™
- Roll Up Tarp* (end caps reduce load capacity)
- 2060 Console with harnesses
- 640 Console with harnesses
- Track system with 36” Wide belts with scale (Less console)
- Track system with 36” Wide belts
- Semi Automatic overrunning clutch to protect auger drive
- 22” diameter computer balanced discharge auger
- Modular box construction with silicone sealed seams
- Optional wireless auto weighing system
- Optional Weigh scale kit and console with printer port
- LED Tail, flasher / turn signal lights and auger spotlight for nighttime operation
- Adjustable spout with end delivery for even flow unloading
- Forward positioned auger for optimum operator visibility
- Adjustable aumtereped cast hitch, fits category 4 or 5 hammerstrap tractor drawbar
- 30” hydraulic controlled flow gate
- Hydraulic drive drag auger (40 GPM, 2200 psi requires 2 remote tractor outlets)
- 1000 RPM PTO, 1.75”-20 spline - for unloading auger
- Pendant grip control & hydraulic block - 3 remote outlet performs 3 cart functions (auger fold, adjustable spout & auger flow gate)
- Automatic reset “cut-out” clutch with overrunning clutch to protect auger drive and tractor PTO
- LED Tail, flasher / turn signal lights and auger spotlight for nighttime operation
- Optional Weigh scale kit and console with printer port
- Grain viewing windows
- Optional roll top tarp
- Optional wireless auto weighing system
- Bushel capacity: 1400 - 1440 bushels (bushel capacity measured with #2 corn at 15% moisture content (56 lb. test weight))

**Factory Installed Accessories**
- Roll Up Tarp* (end caps reduce load capacity)
- Cat 4 Bull-Pull Hitch™
- Cat 5 Bull-Pull Hitch™
- Scale Package for Single Axle (Less console)

#### HOW TO ORDER:
1. Choose Correct Model Number
2. Determine Extension Size
3. Review Accessories

### AUGERS AND EXTENDERS

- **Bin Fill Auger**
  - Available to fit most makes and models of combines
  - Reduces auger flighting wear, relieves belts, pulleys, clutches, chains and gear boxes
  - Set screws allow for infinite adjustment to maximize grain holding capacity
  - Quick release pivot to lower to transport position in seconds
  - Mounting brackets attach easily to your grain tank

#### EXTENDED FOLDING
- Reduces auger flighting wear
- Helps relieve strain on belts and pulleys
- Extended height: Above cab - 31 1/4", Above added extension - 14".
- Folds quickly and easily to original grain tank height

### UNLOADING AUGER EXTENDERS

"The Extender" gives you the added reach while unloading your grain on the go.

SPECIAL INFORMATION

PRICES & SPECIFICATIONS
All prices and specifications are subject to change without notice. All shipments are billed at price prevailing at
time of shipments. ALL PRICES F.O.B. BOYDEN OR SPENCER, IOWA OR AS DESIGNATED IN THIS CATALOG.

TERMS
Customers desiring credit must have good rating or furnish satisfactory reference before shipment will be made,
otherwise all orders will be shipped C.O.D. No cash discounts allowed with C.O.D. shipments.

ORDERING
Prospective customers requesting open account status will be required to complete a Demco credit application. If
open terms cannot be approved, other means of payment will be considered. Please furnish a completed Demco
credit application with your first order.

SHIPMENTS
Our merchandise is carefully packed and thoroughly inspected before leaving our factory. Responsibility for its
safe delivery is assumed by the carrier upon acceptance of the shipment. Claims for loss or damage sustained in
transit must therefore be made upon the delivering carrier as follows:

CONCEALED LOSS OR DAMAGE - Concealed loss or damage means loss or damage which does not become
apparent until the merchandise has been unpacked. The contents may be damaged in transit due to rough
handling even though the carton may not show external damage. When the damage is discovered upon
unpacking, make a written request for inspection by the carrier’s agent within 15 days of the delivery date. Then file
a claim with the carrier, since such damage is the carrier’s responsibility.

VISIBLE LOSS OR DAMAGE - Any external evidence of loss or damage must be noted on the freight bill or express
receipt, and signed by the carrier’s agent. Failure to adequately describe such external evidence of loss or damage
may result in the carrier refusing to honor a damage claim. The form required to file a claim will be supplied by the
carrier.

SHIPPING ERRORS
Shipping errors resulting in shortages or goods ordered incorrectly by the customer, must be reported to Demco
Mfg. within 10 days after receipt of merchandise.

PICK UP ORDERS
All orders picked up and signed for by the customer or customer's agent at the Boyden or Spencer, Iowa plant are
considered complete as signed. Customer will receive a copy of signed order at time of loading.

PARCEL POST, U.P.S., FEDERAL EXPRESS & FREIGHT
Due to the special packing and handling on Parcel Post and United Parcel shipments, a combined shipping and
handling fee will be charged on each carton. Weight limitations are as follows:

Parcel Post = 70 lbs.
U.P.S. = 150 lbs.
Federal Express = 150 lbs. - per carton.
A pallet charge is added on all freight orders.

RETURNS
NO GOODS ARE TO BE RETURNED WITHOUT A RETURNED GOODS AUTHORIZATION NUMBER AND INVOICE
NUMBER. When your order has been filled correctly, the concerned party returning goods must in all cases
pay freight, the cost of handling and a 25% restocking charge. All goods to be returned are to be in first class
condition. Additional charges will be made for goods returned in other than first class condition.
OUR PRODUCTION FACILITIES are located in Boyden, Iowa, and Spencer, Iowa, and cover 450,000 square feet. We have invested extensively in keeping our employees safe, while continuously updating high tech automated equipment to improve our quality of products and increase productivity. These investments help us to build new and more advanced products at a competitive price.

Our Boyden location houses the Corporate Office. Our Inside Sales staff resides there, along with the majority of other office personnel. In our manufacturing plant we fabricate Grain Carts, Grain Wagons, Sprayers and Booms for the Agricultural Market. 5th Wheel Hitches, Supplemental Braking Systems, Tow Dollies and Tow Bars for the RV Market. Along with Trailer Components for various applications.

Our Spencer location manufactures Trailers and Agriculture products. Our facility is located in the Spencer Industrial Park on 35 acres of land with 154,000 square feet of manufacturing space.

Our trailer products include steel and Aluminum Grain Trailers, Gondola Trailers for the recycling market, Drop Deck Trailers and Side Dump Trailers. Ag products include Grain Tank Extensions for all makes and models of combines, Head Transporters for hauling corn and bean heads, and other numerous products for the agriculture industry.
